I. BACKGROUND

- A. The United States of America ("United States"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), filed a complaint in this matter pursuant to Sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. §§ 9606, 9607, against Union Pacific Railroad Company ("Union Pacific" or "Settling Defendant").
- B. The United States in its complaint seeks, inter alia: (1) reimbursement of costs incurred by EPA and the Department of Justice for response actions at the McCormick & Baxter Superfund Site in Stockton, California ("the Site"), together with accrued interest; and (2) performance of studies and response work by Union Pacific at the Site consistent with the National Contingency Plan, 40 C.F.R. Part 300 (as amended) ("NCP").
- C. In accordance with the NCP and Section 121(f)(1)(F) of CERCLA, 42 U.S.C. § 9621(f)(1)(F), EPA notified the state of California Department of Toxic Substances Control ("DTSC") of negotiations with Union Pacific, a potentially responsible party, regarding the implementation of the remedial design and remedial action for the soil remedy at the Site, and EPA has provided DTSC with an opportunity to participate in such negotiations and be a party to this Consent Decree.
- D. DTSC has joined the United States as co-plaintiff in the complaint filed by the United States against Union Pacific, alleging that Union Pacific is liable to DTSC under Section 107 of CERCLA, 42 U.S.C. § 9607, for DTSC's response costs incurred and to be incurred at the Site, together with accrued interest.
- E. In accordance with Section 122(j)(1) of CERCLA, 42 U.S.C. § 9622(j)(1), EPA notified the U.S. Department of the Interior, National Oceanic and Atmospheric Administration and California Natural Resources Agency of negotiations with potentially responsible parties regarding the release of hazardous substances that may have resulted in injury to the natural resources under Federal trusteeship and encouraged the trustee(s) to participate in the negotiation of this Consent Decree.

- F. Union Pacific enters into this Consent Decree without admitting any of the facts alleged in the complaint or any liability to the Plaintiffs arising out of the transactions or occurrences alleged in the complaints, nor does it acknowledge that the alleged release or threatened release of hazardous substances at or from the Site constitutes an imminent or substantial endangerment to the public health or welfare or the environment.
- G. Pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, EPA placed the Site on the National Priorities List, set forth at Appendix B to 40 C.F.R. Part 300, by publication in the Federal Register on October 14, 1992, 57 Fed. Reg. 199.
- H. In response to what EPA has characterized as a release or a substantial threat of a release of a hazardous substances at or from the Site, EPA commenced on June 30, 1992, a Remedial Investigation and Feasibility Study ("RI/FS") for the Site pursuant to 40 C.F.R. § 300.430.
- I. EPA completed a Remedial Investigation ("RI") Report for the soil and groundwater in July 1998 and EPA completed the RI Report for the sediment in November 1996. EPA completed a Feasibility Study ("FS") Report for the soil and groundwater in April 1999 and EPA completed a FS Report for the sediment in January 1999.
- J. Pursuant to Section 117 of CERCLA, 42 U.S.C. § 9617, EPA published notice of the completion of the FS and of the proposed plan for remedial action on September 15, 1998, in a major local newspaper of general circulation. EPA provided an opportunity for written and oral comments from the public on the proposed plan for remedial action. A copy of the transcript of the public meeting is available to the public as part of the administrative record upon which the Regional Administrator based the selection of the response action.
- K. The decision by EPA on the remedial action to be implemented at the Site is embodied in a final Record of Decision ("ROD"), executed on March 31, 1999, on which DTSC has given its concurrence. The ROD includes a responsiveness summary to the public comments. Notice of the final plan was published in accordance with Section 117(b) of CERCLA.
- L. Based on the information presently available to EPA and DTSC, EPA and DTSC believe that the Work will be properly and promptly conducted by the Settling Defendant if conducted in accordance with the requirements of this Consent Decree and its appendices.

M. Solely for the purposes of Section 113(j) of CERCLA, the Remedial Action selected by the ROD and the Work to be performed by the Settling Defendant shall constitute a response action taken or ordered by the President.

N. The Parties recognize, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith and implementation of this Consent Decree will expedite the cleanup of the Site and will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

NOW, THEREFORE, it is hereby Ordered, Adjudged, and Decreed:

II. JURISDICTION

1. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1345, and 42 U.S.C. §§ 9606, 9607, and 9613(b). This Court also has personal jurisdiction over the Settling Defendant. Solely for the purposes of this Consent Decree and the underlying complaint, Settling Defendant waives all objections and defenses that it may have to jurisdiction of the Court or to venue in this District. Settling Defendant shall not challenge the terms of this Consent Decree or this Court's jurisdiction to enter and enforce this Consent Decree.

III. PARTIES BOUND

- 2. This Consent Decree applies to and is binding upon the United States, DTSC, and Settling Defendant and their respective successors and assigns. Any change in ownership or corporate status of the Settling Defendant including, but not limited to, any transfer of assets or real or personal property, shall in no way alter Settling Defendant's responsibilities under this Consent Decree.
- 3. Settling Defendant shall provide a copy of this Consent Decree to each contractor hired to perform the Work (as defined below) required by this Consent Decree and to each person representing Settling Defendant with respect to the Site or the Work and shall condition all contracts entered into hereunder upon performance of the Work in conformity with the terms of this Consent Decree. Settling Defendant or its contractors shall provide written notice of the Consent Decree to all subcontractors hired to perform any portion of the Work required by this Consent Decree. Settling Defendant shall nonetheless be responsible for ensuring that its contractors and

26

27 28 subcontractors perform the Work contemplated herein in accordance with this Consent Decree. With regard to the activities undertaken pursuant to this Consent Decree, each contractor and subcontractor shall be deemed to be in a contractual relationship with the Settling Defendant within the meaning of Section 107(b)(3) of CERCLA, 42 U.S.C. § 9607(b)(3). Copies of these notices shall be provided to EPA and DTSC at the time they are sent to each contractor, subcontractor and to each person representing Settling Defendants with respect to the Site or Work.

IV. DEFINITIONS

Unless otherwise expressly provided herein, terms used in this Consent Decree which are defined in CERCLA or in regulations promulgated under CERCLA shall have the meaning assigned to them in CERCLA or in such regulations. Whenever terms listed below are used in this Consent Decree or in the appendices attached hereto and incorporated hereunder, the following definitions shall apply:

"CERCLA" shall mean the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. §§ 9601, et seq.

"Consent Decree" shall mean this Decree and all appendices attached hereto (listed in Section XXIX). In the event of conflict between this Decree and any appendix, this Decree shall control.

"Day" shall mean a calendar day unless expressly stated to be a working day. "Working day" shall mean a day other than a Saturday, Sunday, or federal holiday. In computing any period of time under this Consent Decree, where the last day would fall on a Saturday, Sunday, or federal holiday, the period shall run until the close of business of the next working day.

"DTSC" shall mean the state of California Department of Toxic Substances Control and any of its predecessor or successor departments or agencies.

"DTSC Response Costs" shall mean: (i) all past costs, including, but not limited to, direct and indirect costs that DTSC has incurred at or in connection with the Site prior to the effective date of this Consent Decree, and (ii) all future costs that DTSC will incur at or in connection with the Site (including, but not limited to, direct and indirect costs) related to oversight of the Work, but shall

not include response costs incurred by DTSC in the event the United States exercises its authority to reopen pursuant to Paragraphs 83 or 84.

"Effective Date" shall be the effective date of this Consent Decree as provided in Paragraph 108.

"EPA" shall mean the United States Environmental Protection Agency and any successor departments or agencies of the United States.

"Interest," shall mean interest at the rate specified for interest on investments of the EPA Hazardous Substance Superfund established by 26 U.S.C. § 9507, compounded annually on October 1 of each year, in accordance with 42 U.S.C. § 9607(a). The applicable rate of interest shall be the rate in effect at the time the interest accrues. The rate of interest is subject to change on October 1 of each year.

"National Contingency Plan" or "NCP" shall mean the National Oil and Hazardous Substances Pollution Contingency Plan promulgated pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, codified at 40 C.F.R. Part 300, and any amendments thereto.

"Operational and Functional" or "O & F" shall mean either one year after construction of the soil remedy is complete, or when the soil remedy is determined concurrently by EPA and DTSC to be functioning properly and is performing as designed, whichever is earlier. EPA may grant extensions to the one-year period as appropriate.

"Operation and Maintenance" or "O & M" shall mean all activities required to maintain the effectiveness of the Remedial Action as required under the Operation and Maintenance Plan approved or developed by EPA pursuant to this Consent Decree and the Statement of Work ("SOW").

"Paragraph" shall mean a portion of this Consent Decree identified by an arabic numeral or an upper case letter.

"Parties" shall mean the United States, DTSC, and Settling Defendant.

"United States Response Costs" shall mean (i) all response costs, including, but not limited to, direct and indirect costs, that the United States incurred at or in connection with the Site prior to the Effective Date of this Consent Decree, (ii) all response costs, including, but not limited to,

direct and indirect costs, that the United States incurs in reviewing or developing plans, reports and other items pursuant to this Consent Decree, verifying the Work, or otherwise implementing, overseeing, or enforcing this Consent Decree, including, but not limited to, payroll costs, contractor costs, travel costs, laboratory costs, the costs incurred pursuant to Section IX, Paragraph 27 (including the cost of attorney time and any monies paid to secure access and/or to secure or implement institutional controls, including the amount of just compensation), Section XV, Paragraph 52, and Paragraph 87, and (iii) Interest on all such costs which has accrued pursuant to 42 U.S.C. § 9607(a), provided, however, that for the purposes of this Consent Decree, United States Response Costs shall not include response costs incurred by the United States in the event EPA exercises its authority to reopen pursuant to Paragraphs 83 or 84.

"Performance Standards" shall mean the soil cleanup standards and other measures of achievement of the goals of the Remedial Action, set forth in Section 10 of the ROD and Section 1 of the SOW.

"Plaintiffs" shall mean the United States and DTSC.

"Property" shall mean the property owned by the Settling Defendant at the Site.

"RCRA" shall mean the Solid Waste Disposal Act, as amended, 42 U.S.C. §§ 6901 *et seq*. (also known as the Resource Conservation and Recovery Act).

"Record of Decision" or "ROD" shall mean the EPA Record of Decision relating to the Site signed on March 31, 1999, by the Regional Administrator, EPA Region IX, or her delegate, and all attachments thereto. The ROD is attached as Appendix A.

"Remedial Action" shall mean those activities, except for Operation and Maintenance, to be undertaken by the Settling Defendant to implement the soil remedy in the ROD, in accordance with the SOW and the final Remedial Design/Remedial Action Work Plan and other plans approved by EPA.

"Remedial Design/Remedial Action Work Plan" shall mean the document developed pursuant to Paragraph 12 of this Consent Decree and approved by EPA, and any amendments thereto.

26

27

-28

"Remedial Design" shall mean those activities to be undertaken by the Settling Defendant to develop the final plans and specifications for the Remedial Action pursuant to the Remedial Design/Remedial Action Work Plan.

"Section" shall mean a portion of this Consent Decree identified by a Roman numeral.

"Settling Defendant" shall mean Union Pacific Railroad Company and its officers, directors, employees, predecessors, successors, parents, subsidiaries and agents.

"Site" shall mean the McCormick & Baxter Superfund Site, encompassing approximately 29 acres, located at 1214 West Washington Street in Stockton, San Joaquin County, California, and depicted generally on the map attached as Appendix C.

"State" shall mean the state of California, including its agencies, departments and instrumentalities and any successor agencies, departments and instrumentalities.

"Statement of Work" or "SOW" shall mean the statements of work for implementation of the Remedial Design, Remedial Action, and Operation and Maintenance at the Site, as set forth in Appendix B to this Consent Decree and any modifications made in accordance with this Consent Decree.

"Supervising Contractor" shall mean the principal contractor retained by the Settling Defendant to supervise and direct the implementation of the Work under this Consent Decree.

"United States" shall mean the United States of America.

"Waste Material" shall mean: (1) any "hazardous substance" under Section 101(14) of CERCLA, 42 U.S.C. § 9601(14); (2) any pollutant or contaminant under Section 101(33), 42 U.S.C. § 9601(33); (3) any "solid waste" under Section 1004(27) of RCRA, 42 U.S.C. § 6903(27); and (4) any "hazardous waste," "hazardous substance," "hazardous material" under California Health & Safety Code §§ 25117, 25260 and 25316.

"Work" shall mean all activities Settling Defendant is required to perform under this Consent Decree, except those required by Section XXV (Retention of Records).

V. GENERAL PROVISIONS

5. <u>Objectives of the Parties</u>. The objectives of the Parties in entering into this Consent Decree are to protect public health or welfare or the environment at the Site by the design and

implementation of response actions at the Site by the Settling Defendant, to reimburse response costs of the Plaintiffs, and to resolve the claims of Plaintiffs against Settling Defendant as provided in this Consent Decree.

- 6. <u>Commitments by Settling Defendant</u>. Settling Defendant shall finance and perform the Work in accordance with this Consent Decree, the ROD, the SOW, and all work plans and other plans, standards, specifications, and schedules set forth herein or developed by Settling Defendant and approved by EPA pursuant to this Consent Decree. Settling Defendant shall also reimburse the United States and DTSC for United States Response Costs and DTSC Response Costs as provided in this Consent Decree.
- 7. <u>Compliance With Applicable Law</u>. All activities undertaken by Settling Defendant pursuant to this Consent Decree shall be performed in accordance with the requirements of all applicable federal and state laws and regulations. Settling Defendant must also comply with all applicable or relevant and appropriate requirements of all federal and state environmental laws as set forth in the ROD and the SOW. The activities conducted pursuant to this Consent Decree, if approved by EPA, shall be considered to be consistent with the NCP.

8. Permits.

- a. As provided in Section 121(e) of CERCLA and Section 300.400(e) of the NCP, no permit shall be required for any portion of the Work conducted entirely on-Site (i.e., within the areal extent of contamination or in very close proximity to the contamination and necessary for implementation of the Work). Where any portion of the Work that is not on-Site requires a federal or state permit or approval, Settling Defendant shall submit timely and complete applications and take all other actions necessary to obtain all such permits or approvals.
- b. The Settling Defendant may seek relief under the provisions of Section XVIII (Force Majeure) of this Consent Decree for any delay in the performance of the Work resulting from a failure to obtain, or a delay in obtaining, any permit required for the Work.
- c. This Consent Decree is not, and shall not be construed to be, a permit issued pursuant to any federal or state statute or regulation.

9. Notice to Successors-in-Title.

- a. At least thirty days prior to the conveyance of any interest in property located within the Site including, but not limited to, fee interests, leasehold interests, and mortgage interests, the Settling Defendant conveying the interest shall give the grantee written notice of (i) this Consent Decree, and (ii) a copy of the land use covenant executed and recorded pursuant to Section IX (Access and Institutional Controls). At least thirty days prior to such conveyance, the Settling Defendant conveying the interest shall also give written notice to EPA and DTSC of the proposed conveyance, including the name and address of the grantee, and the date on which notice of the Consent Decree and a copy of the land use covenant were given to the grantee.
- b. In the event of any such conveyance, the Settling Defendant's obligations under this Consent Decree, including, but not limited to, its obligation to provide or secure access and institutional controls, as well as to abide by the terms of the land use covenant executed and recorded pursuant to Section IX (Access and Institutional Controls) of this Consent Decree, shall continue to be met by the Settling Defendant. In no event shall the conveyance release or otherwise affect the liability of the Settling Defendant to comply with all provisions of this Consent Decree, absent the prior written consent of the United States and DTSC. If the United States and DTSC approve, the grantee may perform some or all of the Work under this Consent Decree.

VI. PERFORMANCE OF THE WORK BY SETTLING DEFENDANT

10. <u>Selection of Supervising Contractor</u>.

a. All aspects of the Work to be performed by Settling Defendant pursuant to Sections VI (Performance of the Work by Settling Defendant), VII (Remedy Review), VIII (Quality Assurance, Sampling and Data Analysis), and XV (Emergency Response) of this Consent Decree shall be under the direction and supervision of the Supervising Contractor, the selection of which shall be subject to disapproval by EPA after a reasonable opportunity for review and comment by DTSC. Within ten days after the entry of this Consent Decree, Settling Defendant shall notify EPA and DTSC in writing of the name, title, and qualifications of any contractor proposed to be the Supervising Contractor. With respect to any contractor proposed to be Supervising Contractor, Settling Defendant shall demonstrate that the proposed contractor has a quality system that complies

24 25

26

27 28 with ANSI/ASQC E4-1994, "Specifications and Guidelines for Quality Systems for Environmental Data Collection and Environmental Technology Programs," (American National Standard, January 5, 1995), by submitting a copy of the proposed contractor's Quality Management Plan ("QMP"). The QMP should be prepared in accordance with "EPA Requirements for Quality Management Plans (QA/R-2)" (EPA/240/B-01/002, March 2001) or equivalent documentation as determined by EPA. EPA will issue a notice of disapproval or an authorization to proceed. If at any time thereafter, Settling Defendant proposes to change a Supervising Contractor, Settling Defendant shall give such notice to EPA and DTSC and must obtain an authorization to proceed from EPA, after a reasonable opportunity for review and comment by DTSC, before the new Supervising Contractor performs, directs, or supervises any Work under this Consent Decree.

- If EPA disapproves a proposed Supervising Contractor, EPA will notify Settling Defendant in writing. Settling Defendant shall submit to EPA and DTSC a list of contractors, including the qualifications of each contractor, that would be acceptable to it within thirty days of receipt of EPA's disapproval of the contractor previously proposed. EPA will provide written notice of the names of any contractor(s) that it disapproves and an authorization to proceed with respect to any of the other contractors. Settling Defendant may select any contractor from that list that is not disapproved and shall notify EPA and DTSC of the name of the contractor selected within twenty-one days of EPA's authorization to proceed.
- If EPA fails to provide written notice of its authorization to proceed or c. disapproval as provided in this Paragraph and this failure prevents the Settling Defendant from meeting one or more deadlines in a plan approved by the EPA pursuant to this Consent Decree, Settling Defendant may seek relief under the provisions of Section XVIII (Force Majeure) hereof.

11. Remedial Design.

Within thirty days after EPA's issuance of an authorization to proceed pursuant to Paragraph 10, Settling Defendant shall submit to EPA and DTSC a work plan for the design and implementation of the Remedial Design/Remedial Action for the soil remedy at the Site ("Remedial Design/Remedial Action Work Plan" or "RD/RA Work Plan"). The Remedial Design/Remedial Action Work Plan shall (i) provide for design of the soil remedy set forth in the

2223

24

2526

27 28 ROD, in accordance with the SOW and for achievement of the Performance Standards and other requirements set forth in the ROD, this Consent Decree and/or the SOW, and (ii) provide for construction and implementation of the remedy set forth in the ROD and achievement of the Performance Standards, in accordance with this Consent Decree, the ROD, the SOW, and the design plans and specifications. Upon its approval by EPA, the Remedial Design/Remedial Action Work Plan shall be incorporated into and become enforceable under this Consent Decree. Within thirty days after EPA's issuance of an authorization to proceed, Settling Defendant shall submit to EPA and DTSC a Health and Safety Plan for the remedial design/remedial action activities which conforms to the applicable Occupational Safety and Health Administration and EPA requirements including, but not limited to, 29 C.F.R. § 1910.120.

b. The Remedial Design/Remedial Action Work Plan shall include the methodologies, plans and schedules for implementation of all remedial design, pre-design, and remedial action tasks identified in the SOW. These tasks will be based on Site-specific factors and shall include the following items: (1) Site Management Plan ("SMP"); (2) Health and Safety Plan ("HASP"); (3) Sampling and Analysis Plan ("SAP") including a Remedial Design Quality Assurance Project Plan ("RD QAPP") in accordance with Section VIII (Quality Assurance, Sampling and Data Analysis), a Field Sampling Plan ("FSP"), and a Remedial Action Quality Assurance Project Plan ("RA QAPP") in accordance with Section VIII (Quality Assurance, Sampling and Data Analysis); (4) Data Evaluation Report; (5) Preliminary Design submittal; (6) Prefinal Design submittal; (7) Final Design submittal; (8) Construction Quality Assurance ("CQA") Plan; (9) Operations & Maintenance ("O&M") Manual; (10) designation of the RA contractor; (11) identification of and satisfactory compliance with applicable permitting requirements; (12) identification of the RA project team; (13) development and submission of a land use covenant; (14) Prefinal Inspection Report; and (15) Remedial Action Report. The remedial design tasks may also include a treatability study and a Pre-design Work Plan.

c. Upon approval of the Remedial Design/Remedial Action Work Plan by EPA, after a reasonable opportunity for review and comment by DTSC, and submittal of the Health and Safety Plan for all field activities to EPA and DTSC, Settling Defendant shall implement the

Remedial Design/Remedial Action Work Plan. The Settling Defendant shall submit to EPA and DTSC all plans, submittals and other deliverables required under the approved Remedial Design/Remedial Action Work Plan in accordance with the approved schedule for review and approval pursuant to Section XI (EPA Approval of Plans and Other Submissions). Unless otherwise directed by EPA, Settling Defendant shall not commence further Remedial Design activities at the Site prior to approval of the Remedial Design/Remedial Action Work Plan.

- d. The preliminary design submittal shall include, at a minimum, the following: (1) design criteria; (2) preliminary project delivery strategy and scheduling; (3) preliminary construction schedule; (4) specifications outline; (5) preliminary drawings; (6) basis of design; (7) identification of easement and access requirements; (8) identification of institutional controls and access restrictions.
- e. The Pre-Final/Final design submittal shall include, at a minimum, the following: (1) pre-final/final specifications; (2) pre-final/final drawings; (3) pre-final/final basis of design; (4) pre-final/final project delivery strategy and scheduling; (5) draft/final draft O&M manual; and (6) Construction Quality Assurance Project Plan ("CQAPP"). The CQAPP, which shall detail the approach to quality assurance during construction activities at the Site, shall specify a quality assurance official ("QA Official") to conduct quality assurance program during the construction phase of the project. The QA Official may be an employee of the Supervising Contractor.
- f. Settling Defendant may propose a phased approach to the remedial design and remedial action implementation to facilitate more rapid completion of the project, which phased approach shall be subject to EPA's and DTSC's discretionary approval under the EPA/DTSC approval process provided for in this Consent Decree.

12. Remedial Action.

a. Within thirty days after the approval of the final design submittal by EPA, after a reasonable opportunity for review and comment by DTSC, Settling Defendant shall begin implementation of the remedial action based on the schedule presented in the Remedial Design/Remedial Action Work Plan.

b. The Settling Defendant shall continue to implement the Remedial Action until EPA issues the Certification of Completion of Remedial Action for the soil remedy pursuant to Paragraphs 50.b of Section XIV (Certification of Completion).

13. Modification of the SOW or Related Work Plans.

- a. If EPA determines, after a reasonable opportunity for review and comment by DTSC, that modification to the work specified in the SOW and/or in work plans developed pursuant to the SOW is necessary to achieve and maintain the Performance Standards or to carry out and maintain the effectiveness of the remedy set forth in the ROD, EPA may require that such modification be incorporated in the SOW and/or such work plans, provided, however, that a modification may only be required pursuant to this Paragraph to the extent that it is consistent with the scope of the remedy selected in the ROD.
- b. For the purposes of this Paragraph 13 and Paragraph 50 only, the "scope of the soil remedy selected in the ROD" is: excavation of soil from the eastern half of the Site ("Subarea X"), movement of soil from excavated Subarea X to the western half of the Site ("Subarea Y") and covering the consolidated Subareas X and Y soils with a cap as selected in the ROD. The major components of this remedy include Site clearance and debris removal; excavation of Subarea X soils; initial grading of the area to be capped; placement of suitable fill; backfilling and grading of the stormwater ponds with a portion of excavated Subarea X soils; consolidation of remaining Subarea X soils in Subarea Y, and cap construction over the contaminated soil; cap maintenance until Operational and Functional; and institutional controls.
- c. If Settling Defendant objects to any modification determined by EPA to be necessary pursuant to this Paragraph, it may seek dispute resolution pursuant to Section XIX (Dispute Resolution), Paragraph 66 (record review). The SOW and/or related work plans shall be modified in accordance with final resolution of the dispute.
- d. Settling Defendant shall implement any work required by any modifications incorporated in the SOW and/or in work plans developed pursuant to the SOW in accordance with this Paragraph.

- e. Nothing in this Paragraph shall be construed to limit EPA's authority to require performance of further response actions as otherwise provided in this Consent Decree.
- 14. Settling Defendant acknowledges and agrees that nothing in this Consent Decree, the SOW, or the Remedial Design/Remedial Action Work Plan constitutes a warranty or representation of any kind by Plaintiffs that compliance with the work requirements set forth in the SOW and the Work Plans will achieve the Performance Standards.
- 15. a. Settling Defendant shall, prior to any off-Site shipment of Waste Material from the Site to an out-of-state waste management facility, provide written notification to the appropriate state environmental official in the receiving facility's state and to the EPA Project Coordinator of such shipment of Waste Material. However, this notification requirement shall not apply to any off-Site shipments when the total volume of all such shipments will not exceed 10 cubic yards.
 - (1) The Settling Defendant shall include in the written notification the following information, where available: (1) the name and location of the facility to which the Waste Material is to be shipped; (2) the type and quantity of the Waste Material to be shipped; (3) the expected schedule for the shipment of the Waste Material; and (4) the method of transportation. The Settling Defendant shall notify the state in which the planned receiving facility is located of major changes in the shipment plan, such as a decision to ship the Waste Material to another facility within the same state, or to a facility in another state.
 - (2) The identity of the receiving facility and state will be determined by the Settling Defendant following the award of the contract for Remedial Action construction. The Settling Defendant shall provide the information required by Paragraph 15.a(1) as soon as practicable after the award of the contract and before the Waste Material is actually shipped.
- b. Before shipping any hazardous substances, pollutants, or contaminants from the Site to an off-Site location, Settling Defendant shall obtain EPA's certification that the proposed receiving facility is operating in compliance with the requirements of CERCLA Section 121(d)(3) and 40 C.F.R.300.440. Settling Defendant shall only send hazardous substances, pollutants, or

contaminants from the Site to an off-Site facility that complies with the requirements of the statutory provision and regulations cited in the preceding sentence.

VII. REMEDY REVIEW

- 16. <u>EPA Selection of Further Response Actions</u>. If EPA determines, at any time, and after a reasonable opportunity for review and comment by DTSC, that the Remedial Action is not protective of human health and the environment, EPA may select further response actions for the Site in accordance with the requirements of CERCLA and the NCP.
- 17. Opportunity To Comment. Settling Defendant and, if required by Sections 113(k)(2) or 117 of CERCLA, the public, will be provided with an opportunity to comment on any further response actions proposed by EPA as a result of the review conducted pursuant to Section 121(c) of CERCLA and to submit written comments for the record during the comment period.
- 18. Settling Defendant's Obligation To Perform Further Response Actions. If EPA, after a reasonable opportunity for review and comment by DTSC, selects further response actions for the soil remedy at the Site, the Settling Defendant shall undertake such further response actions to the extent that the reopener conditions in Paragraph 83 or Paragraph 84 (United States' reservations of liability based on unknown conditions or new information) are satisfied. Settling Defendant may invoke the procedures set forth in Section XIX (Dispute Resolution) to dispute (1) EPA's determination that the reopener conditions of Paragraph 83 or Paragraph 84 of Section XXI (Covenants Not To Sue by Plaintiffs) are satisfied, (2) EPA's determination that the Remedial Action is not protective of human health and the environment, or (3) EPA's selection of the further response actions. Disputes pertaining to the whether the Remedial Action is protective or to EPA's selection of further response actions shall be resolved pursuant to Paragraph 66 (record review).
- 19. <u>Submissions of Plans</u>. If Settling Defendant is required to perform the further response actions pursuant to Paragraph 18, Settling Defendant shall submit a plan for such work to EPA for approval in accordance with the procedures set forth in Section VI (Performance of the Work by Settling Defendant) and shall implement the plan approved by EPA in accordance with the provisions of this Decree.

27

28

20. Settling Defendant shall use quality assurance, quality control, and chain of custody procedures for all treatability, design, compliance and monitoring samples in accordance with "EPA Requirements for Quality Assurance Project Plans (QA/R5)" (EPA/240/B-01/003, March 2001) "Guidance for Quality Assurance Project Plans (QA/G-5)" (EPA/600/R-98/018, February 1998), and subsequent amendments to such guidelines upon notification by EPA to Settling Defendant of such amendment. Amended guidelines shall apply only to procedures conducted after such notification. Prior to the commencement of any monitoring project under this Consent Decree, Settling Defendant shall submit to EPA for approval, after a reasonable opportunity for review and comment by DTSC, a Quality Assurance Project Plan ("QAPP") that is consistent with the SOW, the NCP and applicable guidance documents. If relevant to the proceeding, the Parties agree that validated sampling data generated in accordance with the QAPP(s) and reviewed and approved by EPA shall be admissible as evidence, without objection, in any proceeding under this Decree. Settling Defendant shall ensure that EPA and DTSC personnel and their authorized representatives are allowed access at reasonable times to all laboratories utilized by Settling Defendant in implementing this Consent Decree. In addition, Settling Defendant shall ensure that such laboratories shall analyze all samples submitted by EPA or DTSC pursuant to the QAPP for quality assurance monitoring. Settling Defendant shall ensure that the laboratories it utilizes for the analysis of samples taken pursuant to this Decree perform all analyses according to accepted EPA methods. Accepted EPA methods consist of those methods which are documented in the "Contract Lab Program Statement of Work for Inorganic Analysis" and the "Contract Lab Program Statement of Work for Organic Analysis," dated February 1988, and any amendments made thereto during the course of the implementation of this Decree; however, upon approval by EPA, after opportunity for review and comment by DTSC, the Settling Defendant may use other analytical methods which are as stringent as or more stringent than the Contract Lab Program - approved methods. Settling Defendant shall ensure that all laboratories it uses for analysis of samples taken pursuant to this Consent Decree participate in an EPA or EPA-equivalent QA/QC program. Settling Defendant shall only use laboratories that have a documented Quality System which complies with ANSI/ASQC E4-

1994, "Specifications and Guidelines for Quality Systems for Environmental Data Collection and Environmental Technology Programs," (American National Standard, January 5, 1995), and "EPA Requirements for Quality Management Plans (QA/R-2)," (EPA/240/B-01/002, March 2001) or equivalent documentation as determined by EPA. EPA may consider laboratories accredited under the National Environmental Laboratory Accreditation Program ("NELAP") as meeting the Quality System requirements. Settling Defendant shall ensure that all field methodologies utilized in collecting samples for subsequent analysis pursuant to this Decree will be conducted in accordance with the procedures set forth in the QAPP approved by EPA.

- 21. Upon request, the Settling Defendant shall allow split or duplicate samples to be taken by EPA and DTSC or their authorized representatives. Settling Defendant shall notify EPA and DTSC not less than twenty-eight days in advance of any sample collection activity unless shorter notice is agreed to by EPA. In addition, EPA and DTSC shall have the right to take any additional samples that EPA or DTSC deem necessary. Upon request, EPA and DTSC shall allow the Settling Defendant to take split or duplicate samples of any samples it takes as part of the Plaintiff's' oversight of the Settling Defendant's implementation of the Work.
- 22. Settling Defendant shall submit to EPA three copies and to DTSC two copies of the results (or, if the parties agree, submit electronic copies) of all sampling and/or tests or other data obtained or generated by or on behalf of Settling Defendant with respect to the Site and/or the implementation of this Consent Decree unless EPA and DTSC agree otherwise.
- 23. Notwithstanding any provision of this Consent Decree, the United States and DTSC hereby retain all of their information gathering and inspection authorities and rights, including enforcement actions related thereto, under CERCLA, RCRA, state environmental laws, and any other applicable statutes or regulations.

IX. Access and Institutional Controls

24. The Settling Defendant shall, within thirty days of the approval of this Consent Decree, execute and record in the Recorder's Office or Registry of Deeds or other appropriate land records office of San Joaquin County, state of California, a land use covenant in substantially the

- j. Determining whether the Site or other property is being used in a manner that is prohibited or restricted, or that may need to be prohibited or restricted, by or pursuant to this Consent Decree.
- 26. DTSC and EPA shall cooperate with Settling Defendant in the placement, inspection, operation and maintenance of Remedial Systems on the Property so as not to unreasonably interfere with the beneficial use of the Property by the Settling Defendant or its successors and assigns. For purposes of this Consent Decree, "Remedial Systems" shall mean the remedial equipment and systems located on the Property, including devices that may be installed in the future, groundwater monitoring wells, groundwater extraction wells and associated infrastructure such as piping.
- 27. If the Site, or any other property where access and/or land/water use restrictions are needed to implement the soil remedy at Subarea X as described in this Consent Decree, is owned or controlled by persons other than Settling Defendant, Settling Defendant shall use best efforts to secure from such persons an agreement to provide access thereto for Settling Defendant, as well as for the United States on behalf of EPA, and DTSC, as well as their representatives (including contractors), for the purpose of conducting any activity related to implementing the soil remedy at Subarea X described in this Consent Decree. EPA and DTSC shall share their access rights to the Site and surrounding areas with Settling Defendant for the purpose of performing the terms of this Consent Decree.
- 28. For purposes of Paragraph 27 of this Consent Decree, "best efforts" includes the payment of reasonable sums of money in consideration of access except for those areas where EPA or DTSC have access rights. If any access or land/water use restriction agreements required by Paragraph 27 of this Consent Decree are not obtained within forty-five days of the date of the request by EPA, Settling Defendant shall promptly notify the United States in writing, with a copy to DTSC, and shall include in that notification a summary of the steps that Settling Defendant has taken to attempt to comply with Paragraph 27 of this Consent Decree.
- 29. If EPA determines, after a reasonable opportunity for review and comment by DTSC, that land/water use restrictions in the form of state or local laws, regulations, ordinances or other governmental controls are needed to implement the soil remedy described in this Consent Decree,

Defendant shall cooperate with EPA's and DTSC's efforts to secure such governmental controls.

ensure the integrity and protectiveness thereof, or ensure non-interference therewith, Settling

30. Notwithstanding any provision of this Consent Decree, the United States and DTSC retain all of their access authorities and rights, as well as all of their rights to require land/water use restrictions, including enforcement authorities related thereto, under CERCLA, RCRA and any other applicable statute or regulations.

X. REPORTING REQUIREMENTS

31. In addition to any other requirement of this Consent Decree, Settling Defendant shall submit to EPA and to DTSC electronic copies of written monthly progress reports that: (a) describe the actions which have been taken toward achieving compliance with this Consent Decree during the previous month; (b) include a summary of all results of sampling and tests and all other data received or generated by Settling Defendant or its contractors or agents in the previous month; (c) identify all work plans, plans and other deliverables required by this Consent Decree completed and submitted during the previous month; (d) describe all actions, including, but not limited to, data collection and implementation of work plans, which are scheduled for the next six weeks and provide other information relating to the progress of construction, including, but not limited to, critical path diagrams, Gantt charts and Pert charts; (e) include information regarding percentage of completion, unresolved delays encountered or anticipated that may affect the future schedule for implementation of the Work, and a description of efforts made to mitigate those delays or anticipated delays; (f) include any modifications to the work plans or other schedules that Settling Defendant has proposed to EPA or that have been approved by EPA; and (g) describe all activities undertaken in support of the Community Relations Plan during the previous month and those to be undertaken in the next six weeks. Settling Defendant shall submit these progress reports to EPA and DTSC by the tenth day of every month following the lodging of this Consent Decree until EPA notifies the Settling Defendant pursuant to Paragraph 51.b of Section XIV (Certification of Completion). If requested by EPA or DTSC, Settling Defendant shall also provide briefings for EPA and DTSC to discuss the progress of the Work.

Page 20 - Consent Decree

- 32. The Settling Defendant shall notify EPA and DTSC of any change in the schedule described in the monthly progress report for the performance of any activity, including, but not limited to, data collection and implementation of work plans, no later than seven days prior to the performance of the activity.
- 33. Upon the occurrence of any event during performance of the Work that Settling Defendant is required to report pursuant to Section 103 of CERCLA or Section 304 of the Emergency Planning and Community Right-to-know Act ("EPCRA"), Settling Defendant shall within 24 hours of the onset of such event orally notify the EPA Project Coordinator or the Alternate EPA Project Coordinator (in the event of the unavailability of the EPA Project Coordinator), or, in the event that neither the EPA Project Coordinator or Alternate EPA Project Coordinator is available, the Emergency Response Section, Region IX, United States Environmental Protection Agency. These reporting requirements are in addition to the reporting required by CERCLA Section 103 or EPCRA Section 304.
- 34. Within twenty days of the onset of such an event, Settling Defendant shall furnish to Plaintiffs a written report, signed by the Settling Defendant's Project Coordinator, setting forth the events which occurred and the measures taken, and to be taken, in response thereto. Within thirty days of the conclusion of such an event, Settling Defendant shall submit a report to EPA and DTSC setting forth all actions taken in response thereto.
- 35. Settling Defendant shall submit four copies and an electronic version of all plans, reports, and data required by the SOW, the Remedial Design/Remedial Action Work Plan, or any other approved plans to EPA in accordance with the schedules set forth in such plans. Settling Defendant shall simultaneously submit two hard copies and an electronic version of all such plans, reports and data to DTSC.
- 36. All reports and other documents submitted by Settling Defendant to EPA and DTSC (other than the monthly progress reports referred to above) which purport to document Settling Defendant's compliance with the terms of this Consent Decree shall be signed by an authorized representative of the Settling Defendant.

XI. EPA APPROVAL OF PLANS AND OTHER SUBMISSIONS

- 37. After review of any plan, report or other item which is required to be submitted for approval pursuant to this Consent Decree, EPA, after reasonable opportunity for review and comment by DTSC, shall: (a) approve, in whole or in part, the submission; (b) approve the submission upon specified conditions; (c) modify the submission to cure the deficiencies; (d) disapprove, in whole or in part, the submission, directing that the Settling Defendant modify the submission; or (e) any combination of the above. However, EPA shall not modify a submission without first providing Settling Defendant at least one notice of deficiency and an opportunity to cure within thirty days, except where to do so would cause serious disruption to the Work or where previous submission(s) have been disapproved due to material defects and the deficiencies in the submission under consideration indicate a bad faith lack of effort to submit an acceptable deliverable.
- 38. In the event of approval, approval upon conditions, or modification by EPA, pursuant to Paragraph 37.a, .b, or .c, Settling Defendant shall proceed to take any action required by the plan, report, or other item, as approved or modified by EPA subject only to its right to invoke the Dispute Resolution procedures set forth in Section XIX (Dispute Resolution) with respect to the modifications or conditions made by EPA. In the event that EPA modifies the submission to cure the deficiencies pursuant to Paragraph 37.c and the submission has a material defect, EPA and DTSC retain their right to seek stipulated penalties, as provided in Section XX (Stipulated Penalties).

39. Resubmission of Plans.

a. Upon receipt of a notice of disapproval pursuant to Paragraph 37.d, Settling Defendant shall, within thirty days or such longer time as specified by EPA in such notice, correct the deficiencies and resubmit the plan, report, or other item for approval. Any stipulated penalties applicable to the submission, as provided in Section XX, shall accrue during the 30-day period or otherwise specified period but shall not be payable unless the resubmission is disapproved or modified due to a material defect as provided in Paragraphs 40 and 41.

- b. Notwithstanding the receipt of a notice of disapproval pursuant to Paragraph 37.d, Settling Defendant shall proceed, at the direction of EPA, to take any action required by any non-deficient portion of the submission. Implementation of any non-deficient portion of a submission shall not relieve Settling Defendant of any liability for stipulated penalties under Section XX (Stipulated Penalties).
- 40. In the event that a resubmitted plan, report or other item, or portion thereof, is disapproved by EPA, EPA may again require the Settling Defendant to correct the deficiencies, in accordance with the preceding Paragraphs. EPA also retains the right to modify or develop the plan, report or other item, after a reasonable opportunity for review and comment by DTSC. Settling Defendant shall implement any such plan, report, or item as modified or developed by EPA, subject only to its right to invoke the procedures set forth in Section XIX (Dispute Resolution).
- 41. If upon resubmission, a plan, report, or item is disapproved or modified by EPA due to a material defect, Settling Defendant shall be deemed to have failed to submit such plan, report, or item timely and adequately unless the Settling Defendant invokes the dispute resolution procedures set forth in Section XIX (Dispute Resolution) and EPA's action is overturned pursuant to that Section. The provisions of Section XIX (Dispute Resolution) and Section XX (Stipulated Penalties) shall govern the implementation of the Work and accrual and payment of any stipulated penalties during Dispute Resolution. If EPA's disapproval or modification is upheld, stipulated penalties shall accrue for such violation from the date on which the initial submission was originally required, as provided in Section XX.
- 42. All plans, reports, and other items required to be submitted to EPA under this Consent Decree shall, upon approval or modification by EPA, be enforceable under this Consent Decree. In the event EPA approves or modifies a portion of a plan, report, or other item required to be submitted to EPA under this Consent Decree, the approved or modified portion shall be enforceable under this Consent Decree.

XII. PROJECT COORDINATORS

43. Within twenty days of lodging this Consent Decree, Settling Defendant, DTSC and EPA will notify each other, in writing, of the name, address and telephone number of their respective

5

28

contractors, to serve as a Site representative for oversight of performance of daily operations during remedial activities.

44. Plaintiffs may designate other representatives, including, but not limited to, EPA and DTSC employees, and federal and DTSC contractors and consultants, to observe and monitor the progress of any activity undertaken pursuant to this Consent Decree. EPA's Project Coordinator and Alternate Project Coordinator shall have the authority lawfully vested in a Remedial Project Manager ("RPM") and an On-Scene Coordinator ("OSC") by the National Contingency Plan, 40 C.F.R. Part 300. In addition, EPA's Project Coordinator or Alternate Project Coordinator shall have

the environment due to release or threatened release of Waste Material.

designated Project Coordinators and Alternate Project Coordinators. If a Project Coordinator or

Alternate Project Coordinator initially designated is changed, the identity of the successor will be

given to the other Parties at least five working days before the changes occur, unless impracticable,

but in no event later than the actual day the change is made. The Settling Defendant's Project

Coordinator shall be subject to disapproval by EPA, after a reasonable opportunity for review and

comment by DTSC, and shall have the technical expertise sufficient to adequately oversee all

aspects of the Work. The Settling Defendant's Project Coordinator shall not be an attorney for the

Settling Defendant in this matter. He or she may assign other representatives, including other

45. EPA's Project Coordinator and the Settling Defendant's Project Coordinator will meet, at a minimum, on a monthly basis, or less frequently if approved by EPA. DTSC shall be provided with notice and an opportunity to participate in all such meetings.

authority, consistent with the National Contingency Plan, to halt any Work required by this Consent

Decree and to take any necessary response action when s/he determines that conditions at the Site

constitute an emergency situation or may present an immediate threat to public health or welfare or

XIII. ASSURANCE OF ABILITY TO COMPLETE WORK

- 46. Within thirty days of entry of this Consent Decree, Settling Defendant shall establish and maintain financial security in the amount of \$7,200,000 in one or more of the following forms:
 - a. A surety bond guaranteeing performance of the Work;

the Work:

2

27

28

One or more irrevocable letters of credit equaling the total estimated cost of b.

- c. A trust fund;
- d. A guarantee to perform the Work by one or more parent corporations or subsidiaries, or by one or more unrelated corporations that have a substantial business relationship with the Settling Defendant; or
- A demonstration that the Settling Defendant satisfies the requirements of 40 e. C.F.R. Part 264.143(f);
- 47. If the Settling Defendant seeks to demonstrate the ability to complete the Work through a guarantee by a third party pursuant to Paragraph 46.d of this Consent Decree, Settling Defendant shall demonstrate that the guarantor satisfies the requirements of 40 C.F.R. Part 264.143(f). If Settling Defendant seeks to demonstrate its ability to complete the Work by means of the financial test or the corporate guarantee pursuant to Paragraph 46.d or 46.e, it shall resubmit sworn statements conveying the information required by 40 C.F.R. Part 264.143(f) annually, on the anniversary of the Effective Date. In the event that EPA, after a reasonable opportunity for review and comment by DTSC, determines at any time that the financial assurances provided pursuant to this Section are inadequate, Settling Defendant shall, within thirty days of receipt of notice of EPA's determination, obtain and present to EPA for approval one of the other forms of financial assurance listed in Paragraph 46 of this Consent Decree. Settling Defendant's inability to demonstrate financial ability to complete the Work shall not excuse performance of any activities required under this Consent Decree.
- 48. If Settling Defendant can show that the estimated cost to complete the remaining Work has diminished below the amount set forth in Paragraph 46 above after entry of this Consent Decree, Settling Defendant may, on any anniversary date of entry of this Consent Decree, or at any other time agreed to by the Parties, reduce the amount of the financial security provided under this Section to the estimated cost of the remaining work to be performed. Settling Defendant shall submit a proposal for such reduction to EPA, in accordance with the requirements of this Section, and may reduce the amount of the security upon approval by EPA, after a reasonable opportunity

for review and comment by DTSC. In the event of a dispute, Settling Defendant may reduce the amount of the security in accordance with the final administrative or judicial decision resolving the dispute.

49. Settling Defendant may change the form of financial assurance provided under this Section at any time, upon notice to and approval by EPA, after a reasonable opportunity for review and comment by DTSC, provided that the new form of assurance meets the requirements of this Section. In the event of a dispute, Settling Defendant may change the form of the financial assurance only in accordance with the final administrative or judicial decision resolving the dispute.

XIV. CERTIFICATION OF COMPLETION

50. Completion of the Remedial Action.

a. Within ninety days after Settling Defendant concludes that the Remedial Action for the soil remedy, as prescribed by this Consent Decree and related SOW, has been fully performed and the Performance Standards have been attained, including preparing an O&M manual, Settling Defendant shall schedule and conduct a pre-certification inspection to be attended by Settling Defendant, EPA, and DTSC. If, after the pre-certification inspection, the Settling Defendant still believes that the Remedial Action for the soil has been fully performed and the Performance Standards have been attained, it shall submit the Remedial Action Report as described in the SOW requesting certification to EPA for approval, with a copy to DTSC, pursuant to Section XI (EPA Approval of Plans and Other Submissions) within thirty days of the inspection. In the Remedial Action Report, a registered professional engineer and the Settling Defendant's Project Coordinator shall state that the Remedial Action for the soil has been completed in full satisfaction of the requirements of this Consent Decree. The Remedial Action Report shall include as-built drawings signed and stamped by a professional engineer. The Remedial Action Report shall contain the following statement, signed by a responsible corporate official of the Settling Defendant or the Settling Defendant's Project Coordinator:

To the best of my knowledge, after thorough investigation, I certify that the information contained in or accompanying this submission is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

17 18

19

14

15

16

20 | 21 |

2223

24

25

2627

28

If, after completion of the pre-certification inspection and receipt and review of the Remedial Action Report, EPA, after reasonable opportunity to review and comment by DTSC, determines that the Remedial Action for the soil or any portion thereof has not been completed in accordance with this Consent Decree or that the Performance Standards have not been achieved, EPA will notify Settling Defendant in writing of the activities that must be undertaken by Settling Defendant pursuant to this Consent Decree to complete the Remedial Action for the soil and achieve the Performance Standards, provided, however, that EPA may only require Settling Defendant to perform such activities pursuant to this Paragraph to the extent that such activities are consistent with the "scope of the soil remedy selected in the ROD," as that term is defined in Paragraph 13.b. EPA will set forth in the notice a schedule for performance of such activities consistent with the Consent Decree and the SOW or require the Settling Defendant to submit a schedule to EPA for approval pursuant to Section XI (EPA Approval of Plans and Other Submissions). Settling Defendant shall perform all activities described in the notice in accordance with the specifications and schedules established pursuant to this Paragraph, subject to its right to invoke the dispute resolution procedures set forth in Section XIX (Dispute Resolution). Settling Defendant may submit the Work Completion Report pursuant to Paragraph 51(a) concurrently or as part of the Remedial Action Report.

b. If EPA concludes, based on the initial or any subsequent report requesting Certification of Completion and after a reasonable opportunity for review and comment by DTSC, that the Remedial Action for the soil has been performed in accordance with this Consent Decree and that the Performance Standards have been achieved, EPA will so certify in writing to Settling Defendant. This certification shall constitute the Certification of Completion of the Remedial Action for purposes of this Consent Decree, including, but not limited to, Section XXI (Covenants Not to Sue by Plaintiffs). Certification of Completion of the Remedial Action shall not otherwise affect Settling Defendant's obligations under this Consent Decree.

51. Completion of the Work.

a. Within ninety days after Settling Defendant concludes that all phases of the Work (including the remedy being Operational and Functional and finalizing an O & M manual) have been fully performed, Settling Defendant shall schedule and conduct a pre-certification

inspection to be attended by Settling Defendant, EPA, and DTSC. If, after the pre-certification inspection, the Settling Defendant still believes that the Work has been fully performed, Settling Defendant shall submit the Work Completion Report as described in the SOW, from a registered professional engineer stating that the Work has been completed in full satisfaction of the requirements of this Consent Decree. The Work Completion Report shall contain the following statement, signed by a responsible corporate official of the Settling Defendant or the Settling Defendant's Project Coordinator:

To the best of my knowledge, after thorough investigation, I certify that the information contained in or accompanying this submission is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations

If, after review of the Work Completion Report, EPA, after reasonable opportunity to review and comment by DTSC, determines that any portion of the Work has not been completed in accordance with this Consent Decree, EPA will notify Settling Defendant in writing of the activities that must be undertaken by Settling Defendant pursuant to this Consent Decree to complete the Work, provided, however, that EPA may only require Settling Defendant to perform such activities pursuant to this Paragraph to the extent that such activities are consistent with the "scope of the remedy selected in the ROD," as that term is defined in Paragraph 13.b. EPA will set forth in the notice a schedule for performance of such activities consistent with the Consent Decree and the SOW or require the Settling Defendant to submit a schedule to EPA for approval pursuant to Section XI (EPA Approval of Plans and Other Submissions). Settling Defendant shall perform all activities described in the notice in accordance with the specifications and schedules established therein, subject to its right to invoke the dispute resolution procedures set forth in Section XIX (Dispute Resolution).

b. If EPA concludes, based on the initial or any subsequent request for Certification of Completion by Settling Defendant and after a reasonable opportunity for review and comment by DTSC, that the Work has been performed in accordance with this Consent Decree, EPA will so notify the Settling Defendant in writing.

XV. EMERGENCY RESPONSE

23

24

25

26

27

28

52. In the event of any action or occurrence during the performance of the Work which causes or threatens a release of Waste Material from the Site that constitutes an emergency situation or may present an immediate threat to public health or welfare or the environment, Settling Defendant shall, subject to Paragraph 53, immediately take all appropriate action to prevent, abate. or minimize such release or threat of release, and shall immediately notify the EPA's Project Coordinator, or, if the Project Coordinator is unavailable, EPA's Alternate Project Coordinator. If neither of these persons is available, the Settling Defendant shall notify the EPA Emergency Response Unit, Region IX. Settling Defendant shall also immediately notify the Project Coordinator for DTSC. Settling Defendant shall take such actions in consultation with EPA's Project Coordinator or other available authorized EPA officer and in accordance with all applicable provisions of the Health and Safety Plans, the Contingency Plans, and any other applicable plans or documents developed pursuant to the SOW. In the event that Settling Defendant fails to take appropriate response action as required by this Section, and EPA or, as appropriate, DTSC, take such action instead, costs thereby incurred by EPA and DTSC shall be considered Response Costs that Settling Defendant shall pay pursuant to Paragraph 54.d.

53. Nothing in the preceding Paragraph or in this Consent Decree shall be deemed to limit any authority of the United States or DTSC a) to take all appropriate action to protect human health and the environment or to prevent, abate, respond to, or minimize an actual or threatened release of Waste Material on, at, or from the Site, or b) to direct or order such action, or seek an order from the Court, to protect human health and the environment or to prevent, abate, respond to, or minimize an actual or threatened release of Waste Material on, at, or from the Site, subject to Section XXI (Covenants Not to Sue by Plaintiffs).

XVI. PAYMENTS FOR RESPONSE COSTS

54. Payments for Response Costs.

a. Before January 19, 2007, or within thirty days of the Effective Date, whichever is later in time, Settling Defendant shall remit in two payments a total of \$1,900,000.00 for response costs incurred and to be incurred by the United States and DTSC in connection with

the Site, excluding any response costs that may become payable pursuant to subsection d. of this Paragraph. A payment in the amount of \$1,000,000.00 shall be made to the United States for United States Response Costs, and a payment in the amount of \$900,000.00 shall be made to DTSC for DTSC Response Costs. Payments shall be made as follows:

- i) Payments to the United States shall be made by FedWire Electronic Funds Transfer ("EFT") to the U.S. Department of Justice account in accordance with current EFT procedures, referencing the USAO File Number, EPA Site/Spill ID Number 091E, and DOJ Case Number 90-11-3-07886. Payment shall be made in accordance with instructions provided to the Settling Defendant by the Financial Litigation Unit of the United States Attorney's Office for the Eastern District of California. Any payments received by the Department of Justice after 4:00 p.m. (Eastern Time) will be credited on the next business day.
- ii) Payment to DTSC shall be made by cashiers check payable to Cashier, California Department of Toxic Substances Control, and accompanied by a transmittal letter referencing the McCormick & Baxter Creosoting Company, Project Code No. 100108, which shall be forwarded to:

Cashier, Department of Toxic Substances Control 1001 I Street, 4th Floor P.O. Box 806 Sacramento, CA 95814-0806

- b. At the time of payment, Settling Defendant shall send notice that payment has been made to the United States, to EPA, to the EPA Regional Financial Management Officer, and to DTSC, in accordance with Section XXVI (Notices and Submissions).
- c. The total amount to be paid by Setting Defendant to the United States pursuant to Subparagraph 54.a shall be deposited in the McCormick & Baxter Superfund Site Special Account within the EPA Hazardous Substance Superfund to be retained and used to conduct or finance response actions at or in connection with the Site, or to be transferred by EPA to the EPA Hazardous Substance Superfund.
- d. In the event that EPA assumes the performance of all or any portions of the
 Work as EPA determines necessary pursuant to Paragraph 87, or in the event that EPA or DTSC

EPA and DTSC, in addition to the amount specified in Subparagraph 54.a, all United States Response Costs and DTSC Response Costs incurred in connection with the performance of any portion of the Work or obtaining access and/or land/water use restrictions or undertaking emergency response not inconsistent with the National Contingency Plan. Response costs payable under this subparagraph shall be paid no later than thirty days from the date of demand for payment. Payment shall be made as provided in Paragraph 54.a(i) and (ii). At the time of payment, Settling Defendant shall send notice that payment has been made to the United States, to EPA, to the Regional Financial Management Officer, and to DTSC, in accordance with Section XXVI (Notices and Submissions). The total amount to be paid by Setting Defendant to the United States pursuant to this subparagraph shall be deposited in the McCormick & Baxter Superfund Site Special Account within the EPA Hazardous Substance Superfund to be retained and used to conduct or finance response actions at or in connection with the Site, or to be transferred by EPA to the EPA Hazardous Substance Superfund.

55. In the event that the payments required by Subparagraphs 54.a and 54.d are not made on or before the specified due date, Settling Defendant shall pay Interest on the unpaid balance. The Interest to be paid under this Paragraph shall begin to accrue on the specified due date for the payment. Payments of Interest made under this Paragraph shall be in addition to such other remedies or sanctions available to Plaintiffs by virtue of Settling Defendant's failure to make timely payments under this Section including, but not limited to, payment of stipulated penalties pursuant to Section XX of this Consent Decree.

XVII. INDEMNIFICATION AND INSURANCE

56. Settling Defendant's Indemnification of the United States and DTSC.

a. The United States and DTSC do not assume any liability by entering into this agreement or by virtue of any designation of Settling Defendant as EPA's authorized representatives under Section 104(e) of CERCLA. Settling Defendant shall indemnify, save and hold harmless the United States, DTSC, and their officials, agents, employees, contractors, subcontractors, or representatives for or from any and all claims or causes of action arising from, or on account of,

employees, agents, contractors, subcontractors, and any persons acting on its behalf or under their control, in carrying out the Work, including, but not limited to, any claims arising from any designation of Settling Defendant as EPA's authorized representatives under Section 104(e) of CERCLA. Further, the Settling Defendant agrees to pay the United States and DTSC all costs they incur including, but not limited to, attorneys fees and other expenses of litigation and settlement arising from, or on account of, claims made against the United States or DTSC based on negligent or other wrongful acts or omissions of Settling Defendant, its officers, directors, employees, agents, contractors, subcontractors, and any persons acting on their behalf or under their control, in carrying out activities pursuant to this Consent Decree. Neither the United States nor DTSC shall be held out as a party to any contract entered into by or on behalf of Settling Defendant in carrying out activities pursuant to this Consent Decree. Neither the Settling Defendant nor any such contractor shall be considered an agent of the United States or DTSC.

- b. The United States and DTSC shall give Settling Defendant notice of any claim for which the United States or DTSC plans to seek indemnification pursuant to Paragraph 56, and shall consult with Settling Defendant prior to settling such claim.
- 57. Settling Defendant waives all claims against the United States and the DTSC, for damages or reimbursement or for set-off of any payments made or to be made to the United States or DTSC, arising from or on account of any contract, agreement, or arrangement between the Settling Defendant and any person for performance of Work on or relating to the Site, including, but not limited to, claims on account of construction delays. In addition, Settling Defendant shall indemnify and hold harmless the United States and the DTSC, with respect to any and all claims for damages or reimbursement arising from or on account of any contract, agreement, or arrangement between any one or more of Settling Defendant and any person for performance of Work on or relating to the Site, including, but not limited to, claims on account of construction delays.
- 58. No later than fifteen days before commencing any on-Site Work, Settling Defendant shall secure, and shall maintain until the first anniversary of EPA's Certification of Completion of the Remedial Action pursuant to Subparagraph 50.b of Section XIV (Certification of Completion)

16

17

18

19

20

21

anniversary of the Effective Date. If Settling Defendant demonstrates by evidence satisfactory to EPA and DTSC that any contractor or subcontractor maintains insurance equivalent to that described above, or insurance covering the same risks but in a lesser amount, then, with respect to that contractor or subcontractor, Settling Defendant need provide only that portion of the insurance 14 described above which is not maintained by the contractor or subcontractor.

XVIII. FORCE MAJEURE

the United States and the DTSC as additional insureds. In addition, for the duration of this Consent

Decree, Settling Defendant shall satisfy, or shall ensure that its contractors or subcontractors satisfy,

all applicable laws and regulations regarding the provision of worker's compensation insurance for

all persons performing the Work on behalf of Settling Defendant in furtherance of this Consent

Decree. Prior to commencement of the Work under this Consent Decree, Settling Defendant shall

provide to EPA and DTSC certificates of such insurance and a copy of each insurance policy.

Settling Defendant shall resubmit such certificates and copies of policies each year on the

- 59. "Force majeure," for purposes of this Consent Decree, is defined as any event arising from causes beyond the control of the Settling Defendant, of any entity controlled by Settling Defendant, or of Settling Defendant's contractors, that delays or prevents the performance of any obligation under this Consent Decree despite Settling Defendant's best efforts to fulfill the obligation. The requirement that the Settling Defendant exercise "best efforts to fulfill the obligation" includes using best efforts to anticipate any potential force majeure event and best efforts to address the effects of any potential force majeure event (1) as it is occurring and (2) following the potential force majeure event, such that the delay is minimized to the greatest extent possible. "Force Majeure" does not include financial inability to complete the Work or a failure to attain the Performance Standards.
- 60. If any event occurs or has occurred that may delay the performance of any obligation under this Consent Decree, whether or not caused by a force majeure event, the Settling Defendant shall notify orally EPA's Project Coordinator or, in his or her absence, EPA's Alternate Project

26

27

28

Coordinator or, in the event both of EPA's designated representatives are unavailable, the Director of the Superfund Division, EPA Region IX, as well as the designated DTSC representative, within twenty-four hours of when Settling Defendant first knew that the event might cause a delay. Within seven (7) days thereafter, Settling Defendant shall provide in writing to EPA and DTSC an explanation and description of the reasons for the delay; the anticipated duration of the delay; all actions taken or to be taken to prevent or minimize the delay; a schedule for implementation of any measures to be taken to prevent or mitigate the delay or the effect of the delay; the Settling Defendant's rationale for attributing such delay to a force majeure event if they intend to assert such a claim; and a statement as to whether, in the opinion of the Settling Defendant, such event may cause or contribute to an endangerment to public health, welfare or the environment. The Settling Defendant shall include with any notice all available documentation supporting its claim that the delay was attributable to a force majeure. Failure to comply with the above requirements shall preclude Settling Defendant from asserting any claim of force majeure for that event for the period of time of such failure to comply, and for any additional delay caused by such failure. Settling Defendant shall be deemed to know of any circumstance of which Settling Defendant, any entity controlled by Settling Defendant, or Settling Defendant's contractors knew or should have known.

61. If EPA, after a reasonable opportunity for review and comment by DTSC, agrees that the delay or anticipated delay is attributable to a force majeure event, the time for performance of the obligations under this Consent Decree that are affected by the force majeure event will be extended by EPA, after a reasonable opportunity for review and comment by DTSC, for such time as is necessary to complete those obligations. An extension of the time for performance of the obligations affected by the force majeure event shall not, of itself, extend the time for performance of any other obligation. If EPA, after a reasonable opportunity for review and comment by DTSC, does not agree that the delay or anticipated delay has been or will be caused by a force majeure event, EPA will notify the Settling Defendant in writing of its decision. If EPA, after a reasonable opportunity for review and comment by DTSC, agrees that the delay is attributable to a force majeure event, EPA will notify the Settling Defendant in writing of the length of the extension, if any, for performance of the obligations affected by the force majeure event.

62. If the Settling Defendant elects to invoke the dispute resolution procedures set forth in Section XIX (Dispute Resolution), it shall do so no later than fifteen days after receipt of EPA's notice. In any such proceeding, Settling Defendant shall have the burden of demonstrating by a preponderance of the evidence that the delay or anticipated delay has been or will be caused by a force majeure event, that the duration of the delay or the extension sought was or will be warranted under the circumstances, that best efforts were exercised to avoid and mitigate the effects of the delay, and that Settling Defendant complied with the requirements of Paragraphs 59 and 60, above. If Settling Defendant carries this burden, the delay at issue shall be deemed not to be a violation by Settling Defendant of the affected obligation of this Consent Decree identified to EPA and the Court.

XIX. DISPUTE RESOLUTION

- 63. Unless otherwise expressly provided for in this Consent Decree, the dispute resolution procedures of this Section shall be the exclusive mechanism to resolve disputes arising under or with respect to this Consent Decree. However, the procedures set forth in this Section shall not apply to actions by the United States or DTSC to enforce obligations of the Settling Defendant that have not been disputed in accordance with this Section.
- 64. Any dispute which arises under or with respect to this Consent Decree shall in the first instance be the subject of informal negotiations between the parties to the dispute. The period for informal negotiations shall not exceed twenty days from the time the dispute arises, unless it is modified by written agreement of the parties to the dispute. The dispute shall be considered to have arisen when one party sends the other parties a written Notice of Dispute.

65. Statements of Position

a. In the event that the parties cannot resolve a dispute by informal negotiations under the preceding Paragraph, then the position advanced by EPA (or DTSC, in the case of any failure to make the payments required in Paragraph 54.a and 54.d to DTSC) shall be considered binding unless, within seven (7) days after the conclusion of the informal negotiation period, Settling Defendant invokes the formal dispute resolution procedures of this Section by serving on the United States and DTSC a written Statement of Position on the matter in dispute, including, but not limited to, any factual data, analysis or opinion supporting that position and any supporting documentation

relied upon by the Settling Defendant. The Statement of Position shall specify the Settling Defendant's position as to whether formal dispute resolution should proceed under Paragraph 66 or Paragraph 67.

- b. Within thirty (30) days after receipt of Settling Defendant's Statement of Position, EPA (or DTSC, in the case of any failure to make the payments required in Paragraph 54.a and 54.d to DTSC) will serve on Settling Defendant its Statement of Position, including, but not limited to, any factual data, analysis, or opinion supporting that position and all supporting documentation relied upon by EPA or DTSC. EPA's (or DTSC's) Statement of Position shall include a statement as to whether formal dispute resolution should proceed under Paragraph 66 or 67. Within seven (7) days after receipt of EPA's (or DTSC's) Statement of Position, Settling Defendant may submit a Reply.
- c. If there is disagreement between EPA and the Settling Defendant as to whether dispute resolution should proceed under Paragraph 66 or 67, the parties to the dispute shall follow the procedures set forth in the paragraph determined by EPA to be applicable. However, if the Settling Defendant ultimately appeals to the Court to resolve the dispute, the Court shall determine which paragraph is applicable in accordance with the standards of applicability set forth in Paragraphs 66 and 67.
- 66. Formal dispute resolution for disputes pertaining to the selection or adequacy of any response action and all other disputes that are accorded review on the administrative record under applicable principles of administrative law shall be conducted pursuant to the procedures set forth in this Paragraph. For purposes of this Paragraph, the adequacy of any response action includes, without limitation: (1) the adequacy or appropriateness of plans, procedures to implement plans, or any other items requiring approval by EPA under this Consent Decree; and (2) the adequacy of the performance of response actions taken pursuant to this Consent Decree. Nothing in this Consent Decree shall be construed to allow any dispute by Settling Defendant regarding the validity of the ROD's provisions.
- a. An administrative record of the dispute shall be maintained by EPA and shall contain all statements of position, including supporting documentation, submitted pursuant to this

Section. Where appropriate, EPA may allow submission of supplemental statements of position by the parties to the dispute.

- b. The Director of the Superfund Division, EPA Region IX, will issue a final administrative decision resolving the dispute based on the administrative record described in Paragraph 66.a. This decision shall be binding upon the Settling Defendant, subject only to the right to seek judicial review pursuant to Paragraph 66.c and d.
- c. Any administrative decision made by EPA pursuant to Paragraph 66.b. shall be reviewable by this Court, provided that a motion for judicial review of the decision is filed by the Settling Defendant with the Court and served on all Parties within ten days of receipt of EPA's decision. The motion shall include a description of the matter in dispute, the efforts made by the parties to resolve it, the relief requested, and the schedule, if any, within which the dispute must be resolved to ensure orderly implementation of this Consent Decree. The United States may file a response to Settling Defendant's motion.
- d. In proceedings on any dispute governed by this Paragraph, Settling Defendant shall have the burden of demonstrating that the decision of the Superfund Division Director is arbitrary and capricious or otherwise not in accordance with law. Judicial review of EPA's decision shall be on the administrative record compiled pursuant to Paragraph 66.a.
- 67. Formal dispute resolution for disputes that neither pertain to the selection or adequacy of any response action nor are otherwise accorded review on the administrative record under applicable principles of administrative law, shall be governed by this Paragraph.
- a. Following receipt of Settling Defendant's Statement of Position submitted pursuant to Paragraph 65, the Director of the Superfund Division, EPA Region IX, (or, in the case of any failure to make the payments required in Paragraph 54.a and 54.d to DTSC, the director of DTSC or his/her designee) will issue a final decision resolving the dispute. The Superfund Division Director's decision (or the decision of the director of DTSC or his/her designee) shall be binding on the Settling Defendant unless, within ten days of receipt of the decision, the Settling Defendant files with the Court and serves on the parties a motion for judicial review of the decision setting forth the matter in dispute, the efforts made by the parties to resolve it, the relief requested, and the schedule,

if any, within which the dispute must be resolved to ensure orderly implementation of the Consent Decree. The United States (or DTSC) may file a response to Settling Defendant's motion.

- b. Notwithstanding any other provision of this Consent Decree, judicial review of any dispute governed by this Paragraph shall be governed by applicable principles of law.
- 68. The invocation of formal dispute resolution procedures under this Section shall not extend, postpone or affect in any way any obligation of the Settling Defendant under this Consent Decree, not directly in dispute, unless EPA (or DTSC) or the Court agrees otherwise. Stipulated penalties with respect to the disputed matter shall continue to accrue but payment shall be stayed pending resolution of the dispute as provided in Paragraph 78. Notwithstanding the stay of payment, stipulated penalties shall accrue from the first day of noncompliance with any applicable provision of this Consent Decree. In the event that the Settling Defendant does not prevail on the disputed issue, stipulated penalties shall be assessed and paid as provided in Section XX (Stipulated Penalties).

XX. STIPULATED PENALTIES

- 69. Settling Defendant shall be liable for stipulated penalties in the amounts set forth in Paragraphs 70 and 71 to the United States (and to DTSC, in the case of any failure to make the payments required in Paragraph 54.a and 54.d to DTSC) for failure to comply with the requirements of this Consent Decree specified below, unless excused under Section XVIII (Force Majeure). "Compliance" by Settling Defendant shall include completion of the activities under this Consent Decree or any work plan or other plan approved under this Consent Decree identified below in accordance with all applicable requirements of law, this Consent Decree, the SOW, and any plans or other documents approved by EPA pursuant to this Consent Decree and within the specified time schedules established by and approved under this Consent Decree.
 - 70. Stipulated Penalty Amounts Work.
- a. The following stipulated penalties shall accrue per violation per day for any noncompliance identified in Subparagraph 70.b:

1	Penalty Per Violation Per Day	Period of Noncompliance
2	\$2,000	1st through 14th day
3	\$5,000	15th through 30th day
4	\$10,000	31st day and beyond
5	b. The above penaltie	s shall apply to any failure of Settling Defendant to:
6	(1) make the pa	nyments required in Paragraph 54.a and 54.d;
7	(2) record the l	and use covenant as specified in Paragraph 24;
8	(3) complete th	e work as set out in this Decree and the SOW, including
9	but not limited to submission of all deliverables in accordance with the schedules herein and	
10	in the SOW;	
11	(4) correct defi	ciencies and resubmit plans as specified in Section XI;
12	(5) obtain insur	rance as specified in Paragraph 58; or
13	(6) obtain finar	ncial assurance as specified in Section XIII.
14	71. <u>Stipulated Penalty Amoun</u>	ts - Reports.
15	The following stipulated penalties shall accrue per violation per day for failure to submit	
16	timely or adequate reports or other written documents pursuant to Paragraphs 11 and 12:	
17	Penalty Per Violation Per Day	Period of Noncompliance
18	\$1,500	1st through 14th day
19	\$3,000	15th through 30th day
20	\$5,000	31st day and beyond
21	72. In the event that EPA assu	mes performance of a portion or all of the Work pursuant
22	to Paragraph 87 of Section XXI (Covenants Not to Sue by Plaintiffs), Settling Defendant shall be	
23	liable for a stipulated penalty in the amount of \$2,000,000, to be split between EPA and DTSC.	
24	73. All penalties shall begin to accrue on the day after the complete performance is due	
25	or the day a violation occurs, and shall continue to accrue through the final day of the correction of	
26	the noncompliance or completion of the activity. However, stipulated penalties shall not accrue:	
27	(1) with respect to a deficient submission under Section XI (EPA Approval of Plans and Other	
28	Submissions), during the period, if any, beginning on the thirty-first day after EPA's receipt of such	
	Page	39 - Consent Decree
	II .	

submission until the date that EPA notifies Settling Defendant of any deficiency; (2) with respect to a decision by the Director of the Superfund Division, EPA Region IX, under Paragraph 66.b or 67.a of Section XIX (Dispute Resolution), or the director of DTSC or his/her designee under Paragraph 67.a during the period, if any, beginning on the twenty-first day after the date that Settling Defendants reply to EPA's (or DTSC's) Statement of Position is received until the date that the respective Director issues a final decision regarding such dispute; or (3) with respect to judicial review by this Court of any dispute under Section XIX (Dispute Resolution), during the period, if any, beginning on the thirty-first day after the Court's receipt of the final submission regarding the dispute until the date that the Court issues a final decision regarding such dispute. Nothing herein shall prevent the simultaneous accrual of separate penalties for separate violations of this Consent Decree.

- 74. Following EPA's determination (or in the case of any failure to make the payments required in Paragraph 54.a and 54.d to DTSC, DTSC's determination) that Settling Defendant has failed to comply with a requirement of this Consent Decree, EPA or DTSC may give Settling Defendant written notification of the same and describe the noncompliance. EPA (or in the case of any failure to make the payments required in Paragraph 54.a and 54.d to DTSC, DTSC) may send the Settling Defendant a written demand for the payment of the penalties. However, penalties shall accrue as provided in the preceding Paragraph regardless of whether EPA or DTSC has notified the Settling Defendant of a violation.
- 75. Except as provided in Paragraph 76, all penalties accruing under this Section shall be due and payable to the United States within thirty days of the Settling Defendant' receipt from EPA of a demand for payment of the penalties, unless Settling Defendant invokes the Dispute Resolution procedures under Section XIX (Dispute Resolution). All payments to the United States under this Section shall be paid by certified or cashier's check(s) made payable to "EPA Hazardous Substances Superfund;" shall be mailed to EPA Superfund, Region IX, Attn: Superfund Accounting, P.O. Box 371099M, Pittsburgh, PA 15251; shall indicate that the payment is for stipulated penalties; and shall reference the EPA Region and Site/Spill ID #091E, the DOJ Case Number 90-11-3-07886, and the name and address of the party making payment. Copies of check(s) paid pursuant to this

Section, and any accompanying transmittal letter(s), shall be sent to the United States as provided in Section XXVI (Notices and Submissions), including to EPA's Financial Management Officer.

- 76. In the case of any failure to make the payments required in Paragraph 54.a and 54.d to DTSC, penalties thereby accruing under Subparagraph 70.b(1) shall be due and payable to DTSC within thirty days of the Settling Defendant' receipt from DTSC of a demand for payment of the penalties, unless Settling Defendant invokes the Dispute Resolution procedures under Section XIX (Dispute Resolution). Payment to DTSC shall be made by cashiers check payable to Cashier, California Department of Toxic Substances Control, and accompanied by a transmittal letter referencing the McCormick & Baxter Creosoting Company, Project Code No. 100108, which shall be forwarded to: Cashier, Department of Toxic Substances Control, 1001 I Street, 4th Floor, P.O. Box 806, Sacramento, CA 95814-0806.
- 77. The payment of penalties shall not alter in any way Settling Defendant's obligation to complete the performance of the Work required under this Consent Decree.
- 78. Penalties shall continue to accrue as provided in Paragraph 73 during any dispute resolution period, but need not be paid until the following:
- a. If the dispute is resolved by agreement or by a decision of EPA (or DTSC) that is not appealed to this Court, accrued penalties determined to be owing shall be paid to EPA (or DTSC) within fifteen days of the agreement or the receipt of EPA's (or DTSC's) decision or order;
- b. If the dispute is appealed to this Court and the United States (or DTSC) prevails in whole or in part, Settling Defendant shall pay all accrued penalties determined by the Court to be owed to EPA (or DTSC) within sixty days of receipt of the Court's decision or order, except as provided in Subparagraph c below;
- c. If the District Court's decision is appealed by any Party, Settling Defendant shall pay all accrued penalties determined by the District Court to be owing to the United States (or DTSC) into an interest-bearing escrow account within sixty days of receipt of the Court's decision or order. Penalties shall be paid into this account as they continue to accrue, at least every sixty days. Within fifteen days of receipt of the final appellate court decision, the escrow agent shall pay the balance of the account to EPA (or DTSC) or to Settling Defendant to the extent that they prevail.

- 79. If Settling Defendant fails to pay stipulated penalties when due, the United States or DTSC may institute proceedings to collect the penalties, as well as interest. Settling Defendant shall pay Interest on the unpaid balance, which shall begin to accrue on the date of demand made pursuant to Paragraph 75.
- 80. Nothing in this Consent Decree shall be construed as prohibiting, altering, or in any way limiting the ability of the United States or DTSC to seek any other remedies or sanctions available by virtue of Settling Defendant's violation of this Decree or of the statutes and regulations upon which it is based, including, but not limited to, penalties pursuant to Section 122(l) of CERCLA, provided, however, that the United States and DTSC shall not seek civil penalties pursuant to Section 122(l) of CERCLA for any violation for which a stipulated penalty is provided herein, except in the case of a willful violation of the Consent Decree.
- 81. Notwithstanding any other provision of this Section, the United States or DTSC may, in their unreviewable discretion, waive any portion of stipulated penalties that have accrued pursuant to this Consent Decree.

XXI. COVENANTS NOT TO SUE BY PLAINTIFFS

82. <u>United States' Covenant Not to Sue.</u> In consideration of the actions that will be performed and the payments that will be made by the Settling Defendant under the terms of the Consent Decree, and except as specifically provided in Paragraphs 83, 84, and 86 of this Section, the United States covenants not to sue or to take administrative action against Settling Defendant pursuant to Sections 106 and 107(a) of CERCLA relating to the Site. Except with respect to future liability, this covenant not to sue shall take effect upon the receipt by EPA of the payments required by Paragraph 54.a of Section XVI (Payments for Response Costs). With respect to future liability, this covenant not to sue shall take effect upon Certification of Completion of Remedial Action for the soil remedy by EPA pursuant to Paragraph 50.b of Section XIV (Certification of Completion). This covenant not to sue is conditioned upon the satisfactory performance by Settling Defendant of its obligations under this Consent Decree. This covenant not to sue extends only to the Settling Defendant and does not extend to any other person.

- 83. <u>United States' Pre-certification Reservations.</u> Notwithstanding any other provision of this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, the right to institute proceedings in this action or in a new action, or to issue an administrative order seeking to compel Settling Defendant to perform further response actions relating to the soil remedy at the Site, or to reimburse the United States for additional costs of response if, prior to Certification of Completion of the Remedial Action,
 - (a) soil conditions at the Site, previously unknown to EPA, are discovered, or
- (b) information, previously unknown to EPA, is received, in whole or in part, and EPA determines that these previously unknown conditions or information together with any other relevant information indicates that the Remedial Action relating to the soil work at the Site is not protective of human health or the environment.
- 84. <u>United States' Post-certification Reservations</u>. Notwithstanding any other provision of this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, the right to institute proceedings in this action or in a new action, or to issue an administrative order seeking to compel Settling Defendant to reimburse the United States for additional costs of response if, subsequent to Certification of Completion of the Remedial Action:
 - (a) soil conditions at the Site, previously unknown to EPA, are discovered, or
- (b) information, previously unknown to EPA, is received, in whole or in part, and EPA determines that these previously unknown conditions or this information together with other relevant information indicate that the Remedial Action relating to the soil work at the Site is not protective of human health or the environment.
- 85. For purposes of Paragraphs 83 and 84, the information and the conditions known to EPA shall include only that information and those conditions known to EPA as of the date of entry of this Consent Decree or set forth in the Record of Decision, the administrative record supporting the Record of Decision, the post-ROD administrative record, or in any information received by EPA prior to entry of this Consent Decree.
- 86. <u>United States' general reservations of rights</u>. The United States reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendant with respect to all

2

3

4

5

6

7

27

28

set forth in Section XIX (Dispute Resolution), Paragraph 66, to dispute EPA's determination that

takeover of the Work is warranted under this Paragraph. Costs incurred by the United States in

performing the Work pursuant to this Paragraph, and any response costs incurred by DTSC in connection with such a Work takeover that would not otherwise have been incurred by DTSC, shall be considered Response Costs that Settling Defendant shall pay pursuant to Paragraph 54.d.

- and the payments that will be made by the Settling Defendant under the terms of the Consent Decree, and except as otherwise provided in this Consent Decree, DTSC covenants not to sue or to take administrative action against Settling Defendant pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607, or California Health & Safety Code Section 25300 et seq., relating to the Site. Except with respect to future liability, this covenant not to sue shall take effect upon the receipt by DTSC of the payments required by Paragraph 54.a of Section XVI (Payments for Response Costs). With respect to future liability, this covenant not to sue shall take effect upon Certification of Completion of Remedial Action for the soil remedy by EPA pursuant to Paragraph 50.b of Section XIV (Certificate of Completion). This covenant not to sue is conditioned upon the satisfactory performance by the Settling Defendant of its obligations under this Consent Decree. This covenant not to sue extends only to the Settling Defendant and does not extend to any other person.
- 89. <u>DTSC's General Reservations of Rights.</u> DTSC reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendant with respect to all matters not expressly included within DTSC's covenant not to sue as set forth in Paragraph 88. Notwithstanding any other provision of this Consent Decree, DTSC reserves all rights against the Settling Defendant with respect to the following:
- a. claims based on a failure by the Settling Defendant to meet a requirement of this Consent Decree;
- b. liability arising from the past, present, or future disposal, release, or threat of release of Waste Material outside of the Site;
- c. liability based upon the Settling Defendants' ownership or operations of the Site, or upon the Settling Defendants' transportation, treatment, storage, or disposal, or the arrangement for the transportation, treatment, storage, or disposal of Waste Material at or in

connection with the Site, other than as provided in the ROD, the Work, or otherwise ordered by EPA, after signature of this Consent Decree by the Settling Defendant;

- d. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments;
 - e. criminal liability;
- f. liability for violations of federal or state law which occur during or after implementation of the Remedial Action; and
- g. liability, prior to Certification of Completion of the Remedial Action, for additional response actions that EPA determines are necessary to achieve Performance Standards, but that cannot be required pursuant to Paragraph 13 (Modification of the SOW or Related Work Plans).
- 90. In the event that the United States institutes proceedings or issues an administrative order against the Settling Defendants pursuant to the United States' Pre-Certification Reservations or the United States' Post-Certification Reservations, DTSC reserves, and this Consent Decree is without prejudice to, the right to institute proceedings in this action or in a new action or to issue an administrative order seeking to compel the Settling Defendants to reimburse DTSC for additional costs of response, notwithstanding any other provision of this Consent Decree.
- 91. Notwithstanding any other provision of this Consent Decree, the United States and DTSC retain all authority and reserve all rights to take any and all response actions authorized by law.

XXII. COVENANTS BY SETTLING DEFENDANT

- 92. <u>Covenant Not to Sue</u>. Subject to the reservations in Paragraph 93, Settling Defendant hereby covenants not to sue and agrees not to assert any claims or causes of action against the United States or DTSC with respect to the Site or this Consent Decree, including, but not limited to:
- a. any direct or indirect claim for reimbursement from the Hazardous Substance Superfund (established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507) through CERCLA Sections 106(b)(2), 107, 111, 112, 113 or any other provision of law;

- b. any claims against the United States or DTSC, including any department, agency or instrumentality of the United States under CERCLA Sections 107 or 113 related to the Site:
- c. any claims arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the California Constitution, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or at common law, or
- d. any claims against DTSC for reimbursement from any California State fund, including but not limited to the California Hazardous Substances Account or the California Hazardous Substance Cleanup Fund.

Except as provided in Paragraph 95 (Waiver of Claims Against De Micromis Parties) and Paragraph 100, these covenants not to sue shall not apply in the event that the United States or DTSC brings a cause of action or issues an order pursuant to the reservations set forth in Paragraphs 83, 84, or 86.b, .c, .d or .g, but only to the extent that Settling Defendant's claims arise from the same response action, response costs, or damages that the United States or DTSC is seeking pursuant to the applicable reservation.

93. The Settling Defendant reserves, and this Consent Decree is without prejudice to, claims against the United States, subject to the provisions of Chapter 171 of Title 28 of the United States Code, or DTSC, for money damages for injury or loss of property or personal injury or death caused by the negligent or wrongful act or omission of any employee of the United States or DTSC while acting within the scope of their office or employment under circumstances where the United States or DTSC, if a private person, would be liable to the claimant in accordance with the law of the place where the act or omission occurred. However, any such claim shall not include a claim for any damages caused, in whole or in part, by the act or omission of any person, including any contractor, who is not a federal employee as that term is defined in 28 U.S.C. § 2671, or a DTSC employee; nor shall any such claim include a claim based on EPA's selection of response actions, or the oversight or approval of the Settling Defendant's plans or activities. The foregoing applies

22.

only to claims which are brought pursuant to any statute other than CERCLA and for which the waiver of sovereign immunity is found in a statute other than CERCLA.

94. Nothing in this Consent Decree shall be deemed to constitute preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

95. Waiver of Claims Against De Micromis Parties

- a. Settling Defendant agrees not to assert any claims and to waive all claims or causes of action that it may have for all matters relating to the Site, including for contribution, against any person where the person's liability to Settling Defendant with respect to the Site is based solely on having arranged for disposal or treatment, or for transport for disposal or treatment, of hazardous substances at the Site, or having accepted for transport for disposal or treatment of hazardous substances at the Site, if the materials contributed by such person to the Site containing hazardous substances did not exceed the greater of (i) 0.002% of the total volume of waste at the Site, or (ii) 110 gallons of liquid materials or 200 pounds of solid materials.
- b. This waiver shall not apply to any claim or cause of action against any person meeting the above criteria if EPA has determined that the materials contributed to the Site by such person contributed or could contribute significantly to the costs of response at the Site. This waiver also shall not apply with respect to any defense, claim, or cause of action that a Settling Defendant may have against any person if such person asserts a claim or cause of action relating to the Site against such Settling Defendant.

XXIII. EFFECT OF SETTLEMENT; CONTRIBUTION PROTECTION

96. Except as provided in Paragraph 95 (Waiver of Claims Against De Micromis Parties), nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. The preceding sentence shall not be construed to waive or nullify any rights that any person not a signatory to this decree may have under applicable law. Except as provided in Paragraph 95 (Waiver of Claims Against De Micromis Parties), each of the Parties expressly reserves any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have

27

with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

- 97. The Parties agree, and by entering this Consent Decree this Court finds, that the Settling Defendant is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by CERCLA Section 113(f)(2), 42 U.S.C. § 9613(f)(2), for matters addressed in this Consent Decree. "Matters Addressed" in this Consent Decree shall mean all response actions taken or to be taken, and all response costs incurred or to be incurred by the United States, DTSC, or any other person with respect to the Site. The "Matters Addressed" in this Consent Decree do not include those response costs or those response actions as to which the United States or DTSC have reserved their respective rights under this Consent Decree (except for claims for failure to comply with this Decree), in the event the United States or DTSC assert rights against the Settling Defendant coming within the scope of such reservations.
- 98. The Settling Defendant agrees that with respect to any suit or claim for contribution brought by it for matters related to this Consent Decree it will notify the United States and DTSC in writing no later than sixty days prior to the initiation of such suit or claim.
- 99. The Settling Defendant also agrees that with respect to any suit or claim for contribution brought against it for matters related to this Consent Decree it will notify in writing the United States and DTSC within ten days of service of the complaint on it. In addition, Settling Defendant shall notify the United States and DTSC within ten days of service or receipt of any Motion for Summary Judgment and within ten days of receipt of any order from a court setting a case for trial.
- 100. In any subsequent administrative or judicial proceeding initiated by the United States or DTSC for injunctive relief, recovery of response costs, or other appropriate relief relating to the Site, Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States or DTSC in the subsequent proceeding were or should have been brought in the instant case; provided, however, that

nothing in this Paragraph affects the enforceability of the covenants not to sue set forth in Section XXI (Covenants Not to Sue by Plaintiffs).

XXIV. Access to Information

documents and information within its possession or control or that of its contractors or agents relating to activities at the Site or to the implementation of this Consent Decree, including, but not limited to, sampling, analysis, chain of custody records, manifests, trucking logs, receipts, reports, sample traffic routing, correspondence, or other documents or information related to the Work. Settling Defendant shall also make available to EPA and DTSC, for purposes of investigation, information gathering, or testimony, their employees, agents, or representatives with knowledge of relevant facts concerning the performance of the Work.

102. <u>Business Confidential and Privileged Documents</u>.

- a. Settling Defendant may assert business confidentiality claims covering part or all of the documents or information submitted to Plaintiffs under this Consent Decree to the extent permitted by and in accordance with Section 104(e)(7) of CERCLA, 42 U.S.C. § 9604(e)(7), and 40 C.F.R. § 2.203(b). Documents or information determined to be confidential by EPA will be afforded the protection specified in 40 C.F.R. Part 2, Subpart B. If no claim of confidentiality accompanies documents or information when they are submitted to EPA and DTSC, or if EPA has notified Settling Defendant that the documents or information are not confidential under the standards of Section 104(e)(7) of CERCLA or 40 C.F.R. Part 2, Subpart B, the public may be given access to such documents or information without further notice to Settling Defendant.
- b. The Settling Defendant may assert that certain documents, records and other information are privileged under the attorney-client privilege or any other privilege recognized by federal law. If the Settling Defendant asserts such a privilege in lieu of providing documents, it shall provide the Plaintiffs with the following: (1) the title of the document, record, or information; (2) the date of the document, record, or information; (3) the name and title of the author of the document, record, or information; (4) the name and title of each addressee and recipient; (5) a description of the contents of the document, record, or information: and (6) the privilege asserted

by Settling Defendant. However, no documents, reports or other information created or generated pursuant to the requirements of the Consent Decree shall be withheld on the grounds that they are privileged.

103. No claim of confidentiality shall be made with respect to any data, including, but not limited to, all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, or engineering data, or any other documents or information evidencing conditions at or around the Site.

XXV. RETENTION OF RECORDS

104. Until 10 years after the Settling Defendant's receipt of EPA's notification pursuant to Paragraph 51.b of Section XIV (Certification of Completion of the Work), Settling Defendant shall preserve and retain all non-identical copies of records and documents (including records or documents in electronic form) now in its possession or control or which come into its possession or control that relate in any manner to its liability under CERCLA with respect to the Site, provided, however, that Settling Defendant must retain, in addition, all documents and records that relate to the liability of any other person under CERCLA with respect to the Site. Settling Defendant must also retain, and instruct its contractors and agents to preserve, for the same period of time specified above all non-identical copies of the last draft or final version of any documents or records (including documents or records in electronic form) now in its possession or control or which come into its possession or control that relate in any manner to the performance of the Work, provided, however, that Settling Defendant (and its contractors and agents) must retain, in addition, copies of all data generated during the performance of the Work and not contained in the aforementioned documents required to be retained. Each of the above record retention requirements shall apply regardless of any corporate retention policy to the contrary. Notwithstanding this Paragraph, Settling Defendant is currently in possession of McCormick & Baxter business records that, by agreement with Charlie McCormick, Settling Defendant may return or destroy after 60 days notice to Charlie McCormick, but by this Consent Decree Settling Defendant agrees to maintain these documents until the issuance of the Certificate of Completion, after which time Settling Defendant shall give 90 days written notice to the United States before returning or destroying those documents pursuant to its agreement with Charlie McCormick.

 105. At the conclusion of this document retention period, Settling Defendant shall notify the United States and DTSC at least ninety days prior to the destruction of any such records or documents, and, upon request by the United States or DTSC, Settling Defendant shall deliver any such records or documents to EPA or DTSC. The Settling Defendant may assert that certain documents, records and other information are privileged under the attorney-client privilege or any other privilege recognized by federal law. If the Settling Defendant asserts such a privilege, it shall provide the Plaintiffs with the following: (1) the title of the document, record, or information; (2) the date of the document, record, or information; (3) the name and title of the author of the document, record, or information; (4) the name and title of each addressee and recipient; (5) a description of the subject of the document, record, or information; and (6) the privilege asserted by Settling Defendant. However, no documents, reports or other information created or generated pursuant to the requirements of the Consent Decree shall be withheld on the grounds that they are privileged.

106. Settling Defendant hereby certifies individually that, to the best of its knowledge and belief, after thorough inquiry, it has not altered, mutilated, discarded, destroyed or otherwise disposed of any records, documents or other information (other than identical copies) relating to its potential liability regarding the Site since notification of potential liability by the United States or DTSC or the filing of suit against it regarding the Site and that it has fully complied with any and all EPA requests for information pursuant to Section 104(e) and 122(e) of CERCLA, 42 U.S.C. 9604(e) and 9622(e), and Section 3007 of RCRA, 42 U.S.C. 6927.

XXVI. NOTICES AND SUBMISSIONS

107. Whenever, under the terms of this Consent Decree, written notice is required to be given or a report or other document is required to be sent by one Party to another, it shall be directed to the individuals at the addresses specified below, unless those individuals or their successors give notice of a change to the other Parties in writing. All notices and submissions shall be considered effective upon receipt, unless otherwise provided. Written notice as specified herein shall constitute complete satisfaction of any written notice requirement of the Consent Decree with respect to the United States, EPA, DTSC, and the Settling Defendant, respectively.

		Page 53 - Consent Decree

XXVII. EFFECTIVE DATE

108. The effective date of this Consent Decree shall be the date upon which this Consent Decree is entered by the Court.

XXVIII. RETENTION OF JURISDICTION

and the Settling Defendant for the duration of the performance of the terms and provisions of this Consent Decree for the purpose of enabling any of the Parties to apply to the Court at any time for such further order, direction, and relief as may be necessary or appropriate for the construction or modification of this Consent Decree, or to effectuate or enforce compliance with its terms, or to resolve disputes in accordance with Section XIX (Dispute Resolution) hereof.

XXIX. APPENDICES

- 110. The following appendices are attached to and incorporated into this Consent Decree:
- "Appendix A" is the ROD.
- "Appendix B" is the SOW.
- "Appendix C" is the description and/or map of the Site.
- "Appendix D" is the land use covenant in substantially the form to be executed by the Parties and recorded by Settling Defendant pursuant to Section IX.

XXX. COMMUNITY RELATIONS

Settling Defendant shall propose to EPA and DTSC its participation in the community relations plan regarding the soil remedy to be developed by EPA. EPA will determine the appropriate role for the Settling Defendant under the Plan. Settling Defendant shall also cooperate with EPA and DTSC in providing information regarding the Work to the public. As requested by EPA or DTSC, Settling Defendant shall participate in the preparation of such information for dissemination to the public and in public meetings which may be held or sponsored by EPA or DTSC to explain activities at or relating to the Site.

XXXI. MODIFICATION

- 111. Schedules specified in this Consent Decree for completion of the Work may be modified by agreement of EPA and the Settling Defendant, after a reasonable opportunity for review and comment by DTSC. All such modifications shall be made in writing.
- Plans), no material modifications shall be made to the SOW without written notification to and written approval of the United States, Settling Defendant, and the Court, if such modifications fundamentally alter the basic features of the selected remedy within the meaning of 40 C.F.R. §300.435(c)(2)(B)(ii). Prior to providing its approval to any modification, the United States will provide DTSC with a reasonable opportunity to review and comment on the proposed modification. Modifications to the SOW that do not materially alter that document, or material modifications to the SOW that do not fundamentally alter the basic features of the selected remedy within the meaning of 40 C.F.R.§ 300.435(c)(2)(B)(ii), may be made by written agreement between EPA, after providing DTSC with a reasonable opportunity to review and comment on the proposed modification, and the Settling Defendant.
- 113. Nothing in this Decree shall be deemed to alter the Court's power to enforce, supervise or approve modifications to this Consent Decree.

XXXII. LODGING AND OPPORTUNITY FOR PUBLIC COMMENT

- 114. This Consent Decree shall be lodged with the Court for a period of not less than thirty (30) days for public notice and comment in accordance with Section 122(d)(2) of CERCLA, 42 U.S.C. § 9622(d)(2), and 28 C.F.R. § 50.7. The United States and DTSC reserve the right to withdraw or withhold their consent if the comments regarding the Consent Decree disclose facts or considerations which indicate that the Consent Decree is inappropriate, improper, or inadequate. Settling Defendant consents to the entry of this Consent Decree.
- 115. If for any reason the Court should decline to approve this Consent Decree in the form presented, this agreement is voidable at the sole discretion of any Party and the terms of the agreement may not be used as evidence in any litigation between the Parties.

XXXIII. SIGNATORIES/SERVICE

- 116. Each undersigned representative of the Settling Defendant, the Assistant Attorney General for the Environment and Natural Resources Division of the Department of Justice, and DTSC, certifies that he or she is fully authorized to enter into the terms and conditions of this Consent Decree and to execute and legally bind such Party to this document.
- 117. Settling Defendant hereby agrees not to oppose entry of this Consent Decree by this Court or to challenge any provision of this Consent Decree unless the United States or DTSC has notified the Settling Defendant in writing that they no longer support entry of the Consent Decree.
- 118. Settling Defendant shall identify, on the attached signature page, the name, address and telephone number of an agent who is authorized to accept service of process by mail on behalf of Settling Defendant with respect to all matters arising under or relating to this Consent Decree. Settling Defendant hereby agrees to accept service in that manner and to waive the formal service requirements set forth in Rule 4 of the Federal Rules of Civil Procedure and any applicable local rules of this Court, including, but not limited to, service of a summons. The Parties agree that Settling Defendant need not file an answer to the complaint in this action unless or until the court expressly declines to enter this Consent Decree.

XXXIV. FINAL JUDGMENT

126. This Consent Decree and its appendices constitute the final, complete, and exclusive agreement and understanding among the Parties with respect to the settlement embodied in the Consent Decree. The Parties acknowledge that there are no representations, agreements or understandings relating to the settlement other than those expressly contained in this Consent Decree.

1	
1	127. Upon approval and entry of this Consent Decree by the Court, this Consent Decree
2	shall constitute a final judgment between and among the United States, DTSC and the Settling
3	Defendant. The Court finds that there is no just reason for delay and therefore enters this judgment
4	as a final judgment under Fed. R. Civ. P. 54 and 58.
